Call for Proposals

Alabama College Attainment Network (AlabamaCAN) invites you to submit presentation proposals for the 2nd annual AlabamaCAN Spring 2022 Conference. The theme of the Conference is ***Re-imagining Strategic Pathways to Postsecondary Attainment and Beyond***.

In 2018, Alabama set a statewide attainment goal of adding 500,000 Alabamians with valuable postsecondary credential to the workforce by 2025. We are at the mid-point of that goal and should actively support individuals towards this goal of postsecondary attainment.

The topics for presentations include:

- Postsecondary Access and Readiness
 - Presenters should consider submitting proposals around social and emotional learning; dual enrollment opportunities; postsecondary access strategies; creating a college-going culture in elementary and middle schools
- Connecting College and Career Success
 - Presenters should look at submitting proposals around apprenticeships; short-term training certificates; internships; impact of college dropout on the economy
- Student Success in Postsecondary Education
 - Presenters should consider submitting proposals around mental health; minimizing first-year dropout; using effective programming; success strategies for students of color, low-income students, and first-generation students
- Diversity, Equity, Inclusion, and Belonging (DEIB)
 - Presenters should look at submitting proposals around equitable education opportunities; DEIB strategies for effective communication; DEIB practices within your organization as well as for those you serve; preventing pre-conceived biases from guiding your decision-making process
- Policy, Advocacy, and Collective Impact
 - Presenters should consider submitting proposals around role and impact of student voice in advocating for effective policy change; impact of effective cross-sector collaborations for systems change

Presenters may include elementary/middle/high school educators, counselors, and administrators; representatives from community-based organizations and government agencies; researchers and faculty members at colleges and universities; diversity, equity, and inclusion practitioners; foundations and funders; and other education and workforce stakeholders. Presentations will be made during 45-minute breakout sessions **on Zoom**.

The proposal should be clear, concise and must include the following:

1. Session title that accurately reflects your session content (up to 12 words).
2. Brief session description (75-100 words).
3. Two (2) learning objectives that clearly describe what attendees will be able to demonstrate as a result of having attended the session. Each objective must be measurable/observable (up to 25 words per objective).
4. Detailed workshop description that includes what will be covered in the presentation; how it relates to the conference topic(s); and strategies that will be used to engage participants in discussing, analyzing, synthesizing, and applying the information from the presentation (500-word maximum).
5. Contact information for each presenter, including name, title, address, phone number, and email address.

Proposals are due by **Monday, February 28, 2022**, by 5 PM Central time and should be submitted online at alabamapossible.org/conferencepresentations There is a peer-reviewed process for acceptance, and applicants will be informed of a decision by **Tuesday, March 22, 2022**.

Conference presenters will be sent the registration details once their proposal is selected. Correspondence should be sent to info@alabamapossible.org. More information about the event is available at alabamapossible.org/events.
