CHANGE FROM 2016-2020³

ALABAMA IS THE NATION'S SIXTH POOREST STATE.

More than 714,000 of our neighbors — including 222,000 children — live below the poverty line.

Alabama Possible is a statewide nonprofit organization that works to break down barriers to prosperity through advocacy, education, and collaboration. We influence public policy to ensure every high school graduate in our state can pursue a technical or academic credential after high school. Our programs connect Alabama's educational leaders, students, and families with the resources necessary to cultivate a college-going culture and equitable educational attainment.
